**Gaines Alternative and Transition Schools  
2021-2022 School Advisory Council**

A School Advisory Council (SAC) is the primary link between schools and the local community. This is a council for the parent, student, teacher and community to have a voice in the decision-making process of an individual school. The primary goal of the Advisory Council is to improve the education.

The faculty, staff and administration at the Gaines and Transition Schools would greatly appreciate your involvement in the organization. We welcome parents, grandparents and any member of the community that wishes to be involved in helping our school become the best that it can!

Thank you
